Soapbox

Lawrie VK5LJ - Conditions were very poor and not many stations heard.

S7 to S9 static for the whole 2 hours made it really tough.

Any chance of trying this contest next year to the second weekend in May when the band is possibly a bit quieter??

(Will give that some thought - Garry VK2GAZ)

Peter VK7KPC - Good fun trying with QRP though.

Used my Racal Syncal on low power into MFJ 80m endfed antenna
